

S3 series

A NEW STANDARD

At Panthera, we spend all day, every day, making life easier for wheelchair users. Now, we proudly present the S3 series. A standard chair that is everything but.

113 IMPROVEMENTS TO EVERYDAY LIFE

Our mindset, as always, has been to improve, simplify and make possible. Carbon fibre, chromemolybden and titanium provide rigidity, strength and low weight. Integrated functionality and fewer parts make way for easy assembly and adjustment. The driving is smoother, the lifting lighter and the sitting more comfortable. In fact, we found 113 ways to improve everyday life. Enjoy the ride.

Accessories and functions

SIDE GUARDS
Soft upper part creates new possibilities

ARM SUPPORT
Fully adjustable by the user without tools

ANTI TIP DEVICE
Activated and deactivated by the user sitting in the wheelchair

CASTOR WHEELS
Unique design combines two functions in one. Easy rolling and also stability on soft surface.

ADJUSTABLE PUSH HANDLES
Fully adjustable without tools

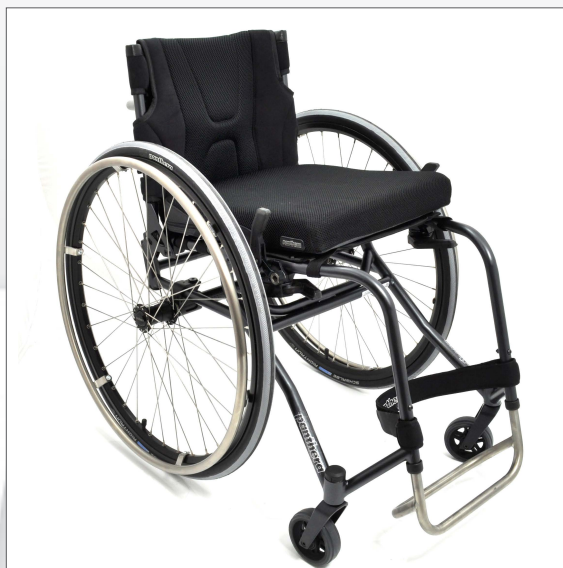

FOLDABLE PUSH HANDLES
Discreet, lightweight and functional
